

STARTUP GARAGE

HOHENHEIM

BIOECONOMY

How might we shift our economy based on fossil fuels into a circular one which mainly uses renewable resources?

ZERO HUNGER

How might we end worldwide hunger and malnutrition using smart solutions including sustainable food production and farming 4.0?

CITY OF THE FUTURE

How might we shape our growing big cities into livable places which foster human health, creativity and interaction?

YOUR CHALLENGE

There are plenty of challenges out there. If you find one in your daily life then capture it. Don't forget: every challenge is an opportunity.

KICKOFF: 19.11.2019, 6 pm, HS B11

#SGH1920

WINTER TERM

REGISTRATION OPEN

www.garage-hohenheim.space

Together with passionate fellow students and mentors you will experience how to turn ideas into reality. On your journey you will learn from failure, work collaboratively and unleash your entrepreneurial capacities.
